Fire Company Voices Opposition To Sale Of Recreation Park Land For Erection Of Grade School

The Gettysburg fire company, at its regular May meeting at the fire engine house Wednesday night, went on record as opposing the sale of any part of the recreation park to the school board for the erection of a school on this property and voted, that should such a transfer come before the court for approval, the fire company would oppose it in court.

This action followed a report of the special meeting held May 2 at which Attorney Richard A. Brown, president of the board of directors of the Recreation association, outlined the history and aims of the Recreation association and told firemen that the property could not be disposed of without court approval.

Reports on the forthcoming celebration of the 88th anniversary of the Battle of Gettysburg, sponsored by the fire company, were given by William G. Weaver and James S. Shenk, co-chairmen of the general committee, and Billy Shealer, chairman of the fireworks committee.

Seek Donations
Mr. Shenk announced that both town and country solicitations will start Monday. Because additional funds are needed this year to pay for a new fire engine which has been ordered, contributors will be asked to "double their previous donations."

Mr. Weaver reported that letters will be mailed shortly to fire companies and other organizations inviting them to participate in the Fourth of July parade. The letters will list the parade prizes, totaling \$1115. No definite word has been received relative to the band which will provide the Sunday evening concert, he said.

Fireworks Display
Mr. Shealer reported that there will be fireworks displays at the recreation park—the evenings of July 2, 3 and 4.

Fire Chief James A. Aumen was directed to proceed with plans for installing a 420-gallon water tank on the No. 4 Chevrolet pumper at a cost not to exceed \$300. The fire company recently voted to remove the frames for the ladders and use the truck as a utility vehicle as well as a pumper, in place of the service truck, which carries a large amount of emergency equipment.

President Weaver reported that borough council had agreed to purchase ten lightweight rubber coats for fire police. He appointed Charles W. Culp and William Mellors to investigate the purchase of caps for fire police, and said that flashlights would also be provided.

Asked For Donations
The Women of the Moose were granted use of the engine house for a rummage sale on June 9. A letter of thanks from Dr. Ralph R. Gresh for the fire company's contribution to the county home was read. Requests for contributions to the Salvation Army, the Cancer fund and the Retail Merchants' association, were referred to the donations committee. The latter request was for a contribution to establish an information booth in Lincoln Square. The request, previously tabled, from the softball association for a (Continued on Page 3)

State police of the Gettysburg substation who investigated the accident said Cromer was traveling north, following another automobile. He was taken to the Carlisle hospital.

Isn't This Disgraceful?

Tucson, Ariz., May 10 (AP)—A former Marine who fought in the Korean war has been denied treatment in a Veterans Administration hospital because he is not a veteran of a recognized war.

The veteran, David R. Arellano, Jr., 21, of Tucson, was unable to enter the hospital yesterday. He was then taken to Pima County hospital and operated on for a throat cancer.

Col. J. E. Gaines, hospital manager, said he was unable to help the one-time member of a bar-zooka squad because actually the United States is not at war with Korea.

He said under present laws the Korean combat veteran is still in the same status as a soldier discharged in peace time.

"Under the present setup no returned veteran from Korea is eligible for hospital benefits unless he has been discharged from the service because of a duty disability."

"It is a national policy," he stated.

47 R. C. AIDES ASSIST WITH BLOOD DONORS

With 47 volunteers from the Adams county chapter of the Red Cross assisting, a Red Cross mobile blood donor unit on the Gettysburg college campus collected 294 pints of blood from volunteer donors. It was the second year Blood Donor Day has been observed on the campus.

Campus leaders termed the project "very successful" today and said that the total blood donated fell below last year's total chiefly because a number of students under 21 years of age had failed to secure written consents from their parents and could not be accepted as donors. A total of nearly 400 persons volunteered to give blood.

The county chapter workers, whose services were coordinated by Mrs. Elizabeth Pennington as a member of the Donor Day committee and executive secretary of the county Red Cross chapter, included the following: Mrs. Frank H. Kramer, chairman of volunteer services; Mrs. Howard S. Fox, canteen chairman, with these helpers, Mrs. Conway (Continued on Page 2)

Marshall Denies Gen. Ridgway Talked Like Gen. MacArthur

Washington, May 10 (AP)—Secretary Marshall brushed aside today a suggestion that Lt. Gen. Matthew B. Ridgway had made statements of the kind that led to firing of Gen. Douglas MacArthur. He said they were not "parallel."

For the fourth day, Marshall was in the witness chair before the Senate armed services and foreign relations committees. They are inquiring into General MacArthur's dismissal and the Korean war policy differences behind it.

At the outset of today's session, Senator H. Alexander Smith (R-N. J.) quoted a two-months-old statement by Lt. Gen. Matthew B. Ridgway which said, "It would be a tremendous victory for the United Nations if the war ended with our forces in control up to the 38th Parallel."

Smith asked if that wasn't the very kind of statement MacArthur has been criticized for making without first clearing it with the Pentagon.

Marshall replied: "I don't think that there is a sufficient parallel there, senator. We have for example had no general public discussions regarding the 38th Parallel so far as the commanders in the field and government here in Washington (are concerned)."

Killing Many Men

"We are prepared for them," he said. "We are killing large quantities of the enemy and will kill them in the future."

Lt. Gen. James A. Van Fleet, U.N. ground commander, emphasized the point. Van Fleet said his men are in excellent spirit, at the highest peak of determination, and "we are ready for the enemy now and at any time in the future."

An Eighth Army spokesman said 6,000 North Korean Reds who had threatened to outflank Seoul were either killed or routed. South Koreans were mopping up remnants of this force Thursday west of the Seoul-Munsan road. AP Correspondent John Randolph said Reds, fighting a delaying action, were firing down on the republicans from the hills.

The tank-infantry patrol on the highway ran into no opposition. On a neighboring highway between Uijonbu and the 38th Parallel, another armored force hit a small Chinese screening unit 19 miles north of Seoul.

Roam Central Front
Other armored forces roamed the central front, reentered Chuncheon 45 miles northeast of Seoul, and clanked into Inje on the eastern front without opposition.

The Fifth Air Force reported it still was studying the results of Wednesday's raid on Sinuiju air field by 312 U.N. planes but it was clear they inflicted "considerable damage."

Eight marine planes were hit in the raid, the greatest air strike of the war. But not a single raiding pilot was scratched, the air force said.

American F-86 Sabre jets flew patrol over Sinuiju Thursday, within sight of Russian-type jets parked on an air field across the border in Manchuria. The Red planes remained safely on the ground.

The invitation to MacArthur to speak here May 30 was first cabled to him at Tokyo by G. Henry Roth, secretary of the Memorial Day committee. The cablegram was supplemented by a written invitation to the general at New York and Washington.

Governor Fine also sent a special invitation to the general on behalf of Gettysburg. Senator Edward Martin also wrote General MacArthur urging him to accept Gettysburg's invitation.

The local committee expects to announce a speaker within the next few days.

TRUMAN NOTE CITES LIMITED FORCE IN KOREA

Washington, March 10 (AP)—President Truman wrote Gen. Douglas MacArthur a letter dealing with Korean war policy last January when conditions there were bleak for the United Nations.

Senators who reported this yesterday said the President's letter told MacArthur that "steps which might in themselves be fully justified" and might help the campaign in Korea "would not be beneficial" if they should result in spreading the fighting to Japan or western Europe.

Paraphrased excerpts read into the record of the inquiry into MacArthur's dismissal showed that Mr. Truman "recognized the continued resistance might not be militarily possible with the limited forces available to General MacArthur."

Written January 13
The letter was dated Jan. 13. United Nations forces then were rapidly backpedaling before the first big onslaught of Red Chinese.

The President's letter was furnished to the Senate Armed Services and Foreign Relations committees. Senator Saltonstall (R-Mass.) said it was supplied from records of the joint chiefs of staff.

Saltonstall read this paraphrased excerpt into the record:
"The President emphasized that pending the buildup of our national strength, we must act with great prudence insofar as extending the area of hostilities was concerned."

"Steps which might in themselves be fully justified, which might lend some assistance to the campaign in Korea, would not be beneficial if they would involve Japan or western Europe in large scale hostilities."

Preserve UN Forces
"The President recognized the continued resistance might not be militarily possible with the limited forces available to General MacArthur. In any event, the United Nations forces must be preserved as an effective instrument for the defense of Japan and elsewhere."

A successful resistance in Korea, however, would serve the following purposes:
Saltonstall said the letter listed 10 such purposes, the first of which was "to demonstrate that aggression would not be accepted by the free world."

PRETENDER TO THRONE WEDS

Nancy, France, May 10 (AP)—Archduke Otto of Hapsburg, pretender to the throne of the defunct Austro-Hungarian empire, wed a blue-eyed German princess here today in a lavish display of 18th century pageantry.

Scores of Europe's throneless royalty thronged this eastern France city for the double rites uniting the 38-year-old Otto and 25-year-old Princess Regina of Saxony-Meiningen, whom he met while touring refugee camps in Bavaria.

A civil ceremony in the city hall was followed by impressive Roman Catholic rites an hour later in the Church of the Ropemakers, where many of the bridegroom's ancestors are buried.

Forbidden by Austrian law to visit the country where his father, the Emperor Karl, was the last Hapsburg ruler, Otto came here for his wedding because it is the ancient capital of the once independent Duchy of Lorraine over which his ancestors reigned. Otto still claims the title of Duke of Lorraine.

As the newweds left the church, several eggs splattered on the ground about 10 yards from them. They did not seem to notice, nor did they pay any attention when the egg-throwers, apparently students, shouted: "Long live the republic." Austria is now a republic.

White House Aide Denies Any Abuses

Washington, May 10 (AP)—White House aide Donald S. Dawson swore to a Senate investigating subcommittee today he never abused his office to influence the handling of huge government loans, as the group has charged.

"To the best of my knowledge," Dawson told the investigating senators, "I have done nothing in connection with the RFC that is improper in any way."

With those words he wound up a formal and blanket denial of the subcommittee's charges that he has been involved in a "web of influence" which improperly affected the granting or withholding of loans by the Reconstruction Finance Corporation (RFC).

Dawson then invited questions, and Senator Fulbright (D-Ark.), the subcommittee chairman, said the questioning would be extensive.

Locked Freighters Defy Rescue Crew

Chester, Pa., May 10 (AP)—Efforts are being renewed today to free two freighters locked together in a giant "T" on a sandbar on the New Jersey side of the Delaware river several miles below Philadelphia.

The freighters, the TransAmerican, a 7,176-ton Liberty ship, and the 6,000-ton Antinous, collided early yesterday. The TransAmerican, bound for Philadelphia, struck the Antinous amidships. There were no crew casualties.

The Antinous, a 30-foot hole rammed in her port side, was pushed onto a sandbar in an effort to separate the two vessels. Tugs attempted to shove the ships into drydock at the Sun shipyards here, three miles above the scene.

Their efforts were unsuccessful and plans were delayed until today pending the arrival of two heavy duty tugs from New York.

If their combined efforts fail, the buckled plates of the crippled Antinous will be cut away.

The Coast Guard is investigating cause of the collision.

Spray Letters Sent To Growers

Apply spray letter No. 4, the "petal fall" letter, and a shuck split spray letter for peaches have been mailed to fruit growers by M. T. Hartman, county agricultural extension agent, in consultation with R. S. Kirby, plant pathologist, and J. O. Pepper, entomologist, of State College.

The petal fall spray is designed to prevent scab, cedar rust and frog-eye spot infections and to control codling moth, curculio, leaf rollers and mites. Growers are advised to start spraying when 90 per cent of the petals are off and finish before the calyx closes.

Scab and frog-eye were found in the county on May 2.

The peach spray is to control curculio, plant bugs, stink bugs, oriental fruit moth and brown rot when fungicide is added. Most orchards are ready for spraying now, Hartman said. Some blossom blight has already been found.

FOUR OLEO BILLS AGAIN IN SENATE

Harrisburg, May 10 (AP)—A total of four bills aimed at legalizing the sale of yellow oleomargarine were before the Senate today for the second time this legislative session.

"With these four bills, we believe that every objection of the agriculture committee has been overcome," said Sen. Robert D. Fleming (R-Allegheny), co-sponsor of three of the bills. The committee earlier rejected four other bills sanctioning the sale of colored oleo.

Fleming and Sen. Rowland B. Mahany (R-Crawford) yesterday introduced the fourth bill calling for a statewide referendum on whether to sell colored oleo and restating an earlier Fleming bill regulating colored oleo sales.

Mahany is the sponsor of another separate bill to set up a statewide referendum on oleo in the 1952 primary elections. Sen. Edward J. Kessler (R-Lancaster) is co-sponsor with Fleming of two other bills stipulating that the ingredients of colored oleo be marked on the package and prohibiting the sale of colored oleo in bulk.

Big Splurge For Pretzel's Birthday

Lititz, Pa., May 10 (AP)—The commercial pretzel was 90 years old yesterday and this town, where it came into being, splurged with the biggest birthday party ever.

Pennsylvania's junior senator, James H. Duff, came to share in the celebration and to talk informally about the ingenuity and diligence that have gone into pretzel-making.

William S. Livengood, state secretary of Internal Affairs, was on hand, too. So were many other state and local leaders. And for the day they relaxed, joined in a mass munching of pretzels, and shared in the general high spirits.

School children had the day off. The high school band led a parade. Santa Von Ehrenfried, Miss Lancaster of 1950, ruled as pretzel queen, and fetching young models adorned her court.

WESTLAKE IS IN TROUBLE AT "HOT CORNER"

Philadelphia, May 10 (AP)—Wally Westlake, Branch Rickey's experiment at third base for the Pittsburgh Pirates, says he feels like a duck with its feathers shot off.

"You know when I played third base in the California league they called me five-and-four Westlake," he recalls. "I'd let in five runs and drive in four."

That the big 29-year-old Californian isn't kidding was proved last night. His wild throw in the second inning led to three unearned runs for the Philadelphia Phillies—then he hit a home run in the fifth with one aboard. The Phils capped the game 6-5 in 10 innings.

12 Chances, Three Errors
In two games at third base, the Pirates' muscle man has handled 12 chances and made three miscues.

But two games, or for that matter a dozen, aren't going to settle Westlake's status at the hot corner.

All Westlake hopes is that the fans back home treat him as well as they did Ralph Kiner when that fellow-outfielder shifted to first base.

The fan angle is important. Remember what happened to Bob Elliott?

Fans Are Important
Third base railbirds chased him out of Pittsburgh. Elliott, a member of the Boston Braves now, is one of the best third sackers in the National league.

So far Pittsburgh fans have been rather happy over Kiner as an infielder. Maybe they'll be the same with Westlake. But Pittsburghers are a funny lot.

If you make a good play they cheer you. Make an error and it's boos. Too many miscues and it's curtains. They never let down. Westlake knows. Hearing he was to take over the third base spot, the 186-pounder remarked: "I better call my wife and tell her to pack our things. We aren't going to be around too long."

BULLETS LOSE 2-1 GAME IN HURLERS' DUEL

Charley Gelbert's Lafayette college nine edged the Gettysburg college Bullets 2-1 here Wednesday afternoon in a snappy game which resolved itself into a pitching duel between Jim Dyson of the Bullets and Bob Ketchel.

A double play in the ninth inning with the bases loaded and one out erased the Bullets' last ditch threat.

Gettysburg tallied its lone run in the second inning when Ron Fitzkee and Leroy Bixby singled and advanced on a fly by Joe Lang. Fitzkee scored on a single by Dickson.

Lafayette quickly took the lead in the top of the third when Hill singled to score Huber and Angle.

In the ninth Bixby was safe on a boot by Hunt after one was out. Lang beat out an infield hit and Eyster was safe when Fox's toss to second on a fielder's choice was wild, hitting the bases. Coach Plank nominated Harry Williams to bat for Dyson and Williams smashed a hot grounder to Fox who tossed to Hunt and on the relay to first Williams was out, ending the game.

Dyson gave up but seven hits, fanned one and walked two. Ketchel yielded five hits, whiffed three and did not walk a man. He hit two batsmen.

On Saturday the Bullets will meet Temple here at 3 p.m.

TWENTY YEARS AGO

1,600 Knights Templar Take Part In Ascension Service: More than 1,600 uniformed knights Templar attended an Ascension festival service in the national cemetery Sunday afternoon. And at least 2,000 other persons were present.

So successful was the service that officers of the grand commandery of Pennsylvania afterward expressed the hope that the event would be held annually.

The uniformed knights, massed before the rostrum, presented a striking appearance particularly when they raised their swords over head during the rendition of "The Apostles' Creed."

Lloyd C. Keefer, of Gettysburg commandery, 79, which sponsored the Ascension Festival, introduced James H. Chickering, of Oil City, grand commander of the Pennsylvania commandery. The principal speaker for the event was Rev. Dr. Martin Aigner, of Franklin.

The Boys' band of Gettysburg, furnished music for the parade and for the singing at the service.

The committee from Gettysburg commandery in charge of the affair comprised Charles W. Myers, W. Preston Hull and Lloyd C. Keefer. Carl S. Menchey and Edgar Moser also were active in the arrangements.

Today's Talk

By GEORGE MATTHEW ADAMS
GOD'S GREAT GLORIES

Oh, the beauty and glory of God's out-of-doors! Millions of people are thinking and speculating about the vacation they will be taking this summer. The simpler, rougher, and more unusual that vacation proves to be, the more thrilling it is bound to prove. Get close to the earth. Hunt for its tiny flowers, its streams, its rock formations, its bird calls.

At no other time of the year do I seem to be listening to the call of the stars, as when upon a cool night, in the almost silence, I walk out of my summer cottage and look into the heavens and that star-lit dome of exquisite beauty and wonder. What untold mystery abides there far beyond man's keenest imagination!

How true it is that every foot of earth may well be named as one of God's foot-tracks, for in every one of them may be discovered the chemicals of life itself.

For the past few weeks I have watched with the greatest of interest the unfolding of another Springtime. And though I have known a glorious number of these Springtimes, each new one is a revelation in itself. There is never a Springtime that isn't different from any other, or with a new story to tell. You see, each new one finds us a year older—with more wisdom, more curiosity, and more faith with which to appreciate.

The ideal vacation spot is that one which most removes you from yourself, and which most stimulates your curiosity and alertness to knowledge. The rich perfume of the earth, of the forest, of the sea, or of the night air, each has its special glory, and each unforgettable. And there is that atmosphere of peace and restfulness that the out-of-doors always seems to have.

Beauty needs to be taken in small portions, as in eating, and given good digestion. You find it most in the unspoiled natural spots, away from noise and traffic. If it's new life you most desire, you will find it in the outstretched arms of Mother Earth! Keep away from the crowds. Adventure alone, or with a friend—but adventure, at any rate!

Tomorrow Mr. Adams will talk on the subject: "Friendship Adventures."

MODERN MOTTOES

"A penny saved; a penny earned,"
A motto known to many.
But now a dollar must be turned
Ere one can save a penny.

HAPPY LOSS

With taxes came a change of mind.
Once man hoped gain to make.
But now he's glad when he can find
A loss that he can take.

ENVY

I look into my neighbor's yard,
To envy all I see,
And wonder if I worked as hard
My flowers as fair would be.

SELF-CHOSEN WOES

As if in life there's not enough
Of grief and ills to bear,
Golf adds the bunkers and the rough
To many a man's despair.

FEDERAL TAX RAISES VOTED

Washington, May 10 (AP) — The House Ways and Means committee turned today to proposals to increase corporation taxes after voting a \$3,000,000,000-a-year rate rise for individual income taxpayers.

The individual increase — three percentage points across the board in each tax bracket — was adopted yesterday by a close margin. That means a hike of about 15 per cent in the actual amount of taxes persons in the lower income brackets would pay. For persons in the \$500,000-a-year class, the hike would be about three per cent.

According to reports coming from the closed session, the tally was 13 to 12 for the increase, with two Democrats joining the 10 committee Republicans in opposition. No names were announced.

It also was reported, however, that the Republicans lost out 15 to 10 on a straight party-line division on a substitute plan which would have simply increased each taxpayer's obligation by 10 per cent. Such an increase would have had a lighter impact on smaller taxpayers than the plan tentatively adopted.

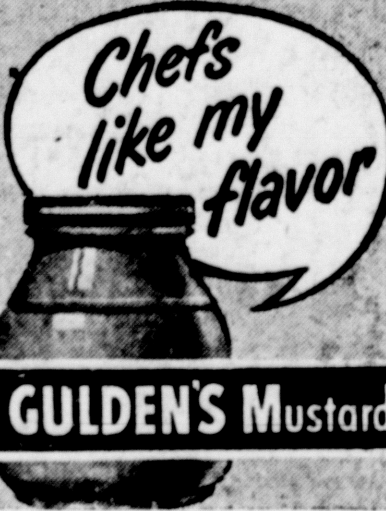

The administration had sought an increase of four percentage points in each bracket, for an estimated

\$3,600,000,000 additional revenue yearly.

If finally approved by the House and Senate, the three-point increase will raise taxes of a married man with two dependents and an income of \$5,000 before exemptions from \$520 a year to \$598. For a \$10,000 man, the next tax would be \$1,820 compared with \$1,592 at present.

TAFT FOR GOVERNOR

Dayton, O., May 10 (AP) — Charles Taft, brother of U. S. Senator Robert A. Taft, says he will seek

the Republican nomination for governor of Ohio in 1952. He had indicated previously he was thinking seriously of entering the race, but his first definite statement was not forthcoming until last night.

Moscow, May 10 (AP) — Marshal Va-

sily Sokolovsky, first deputy minister of war, used the occasion of the sixth anniversary of victory in Europe to attack the United States

bitterly today. He said the victory over Germany was a Soviet one. The polar aurora, or "northern

lights," occurs oftener and extends farther south in the sky just before and after the equinoxes, March 21 and September 21.

EDDIE LOPAT BEATS TRIBE 10TH STRAIGHT

By JACK HAND
(Associated Press Sports Writer)

As long as Cleveland is in the American league, Eddie Lopat has a steady job. Since June 17, 1949, the chunky New York Yankee lefty is 10-0 against the Tribe.

With a lifetime 29-6 edge over the Cleveland gang, Lopat is money in the bank for Manager Casey Stengel. Ho wean Cleveland put on a drive when Casey has Lopat?

Eddie's poison was almost as deadly as when he pitched for Chicago. But once he switched to New York he became a sure shot against the Indians. And now he's beating them to death with a bat too.

Giants Romp Over Cards

It's a rare Cleveland series that doesn't find Lopat pitching the key game for the Yanks. He beat them six times last year as well as the last three times he faced them in '49. They criticized old Case last summer when he used Lopat and Tommy Byrne as pinch hitters against this very same Cleveland team. But last night Lopat proved his batting power once more. He hit a three-run homer and drove in five Yankee runs in their 9-2 triumph.

The Yanks' victory probably was the most important of yesterday's action but the New York Giants' 17-3 romp over the makeshift St. Louis Cards started more tongues wagging. Leo Durocher's crew now has won eight of its last 10 starts.

Ray Noble, husky Cuban catcher, hit two home runs and two singles in the big push. Sal Maglie curve-balled his way to his third straight win with a five-hitter.

Braves Beat Reds

In the upper brackets of the National, the Boston Braves took advantage of the Card collapse to widen their lead to two games. Vern Bickford allowed only two Cincinnati singles in winning his fifth straight, 4-0. It was the Braves' sixth shutout job in 24 games.

Jim Konstanty picked up his first win after three defeats as the Philadelphia Phils took a 10-inning game from Pittsburgh, 6-5.

Konstanty rescued Russ Meyer in the ninth, forcing Gus Bell and Ralph Kiner to ground out. Then he blanked them in the 10th while the

Newhouse Hits Stride

Clyde King tamed the Chicago Cubs for a 5-4 Brooklyn victory. A timely double by Cal Abrams scored two runs to break a 2-2 tie in the sixth.

The American leagues got notice to expect the worst from Hal Newhouse from now on as the Detroit lefty shut out Washington, 4-0, with seven hits. After three wobbly starts, the veteran ace has pitched two fine games in succession.

The Philadelphia A's scored six in the 10th to drub the St. Louis Browns, 8-2, after tying the game on Eddie Joost's homer in the ninth.

The Boston at Chicago night game was rained out.

Interstate League

(By The Associated Press)

With five of the eight clubs running ahead of 1950 in early season attendance, club officials of the class B Interstate Baseball league look forward to a prosperous year at the gate.

A survey by the Associated Press showed only York, Pa., is trailing last year's figures by any big margin. Harrisburg is off about 600 and Salisbury, Md., new member of the circuit, reported the smallest turnout, with football weather blamed for the slowness of the turnstiles.

Hagerstown, with 7,903 fans on hand for the first seven games this year, is running about even with 1950 when the club won its first 13 games. Club officials predict a season's attendance mark of 87,000.

Other figures, giving 1951 first and number of games in parenthesis: York, 4,520-7,528 (7); Harrisburg, 5,945-5,998 (8); Salisbury, 3,149-Did not play last year (7); Wilmington, 6,210-5,824 (7); Lancaster, 7,210-5,999 (7); Sunbury, 6,890-3,000 (6); Allentown, 7,982-5,944 (8).

Score 11 In Second

Excitement abounded on the playing fields last night.

Sunbury splurged with 11 runs in one inning—the second—and banged out three home runs to defeat Wilmington 13 to 8. Paul Maloney, curve ball specialist, was credited with the victory, his fourth, against no losses.

Hagerstown also went on the rampage, piling up 17 hits for an 11 to 6 win over Allentown, which lapsed into error six times. Charley Miller was the winning pitcher.

Lancaster kept its half-game grip on first place by defeating York 7 to 5 in 11 innings. Pitcher Regan was the winner. York's loss was its eighth in a row. York played the game under protest from the third inning. It had loaded the bases, then, with one out, a high fly ball dropped safely in short right field. A runner scored from third. Umpire Barney Emil ruled the batter out on the automatic infield fly rule. York Manager Joe Bowman objected.

Harrisburg walloped Salisbury 8 to 1. The Senators' Howie Rodemeyer gave up only three hits, struck out 13, and drove across two of six runs in a big seventh inning.

The Henry Hudson Arch bridge, New York city, is said to have the longest plate girder, fixed steel arch in the world.

The Russo-Japanese war was in 1904 and 1905.

Eastern League

(By The Associated Press)

The Schenectady Blue Jays, fledgling in the Eastern league, were only three and a half games behind the pace setting Elmira Pioneers today.

The Jays gained a full game last night when lefthander Bill George shutout the Albany Senators, 5-0, while the Pioneers bowed to the Scranton Miners, 5-2.

In the only other game played, Wilkes-Barre overpowered Williamsport, 17-8. The Hartford-at-Binghamton game was washed out.

George scattered eight Albany hits at Schenectady. Dick Young scored the Jays' first run on a booming home run in the fourth. Mel Clark tagged a bases-loaded triple in the eighth.

Ninth Win For Jays

The victory was the Jays' ninth against five losses in their first year of class A ball. Schenectady was in the class C Canadian American league last year.

Ben Cardoni, Scranton relief pitcher, came on in the ninth at Elmira and nipped an uprising by the Pioneers. With two on base, no outs and a 2-0 count on Joe Stanek, Cardoni whiffed the Elmira pitcher on three called strikes, and forced Don Zimmer to fly out and Bill

How You May Gain New Strength—Feel Younger

Nerves can grow steadier; work easier; you may sleep more soundly. So why delay? Why not decide now to take FERRIZAN for 30 days and see yourself just how wonderful FERRIZAN can make you feel. RADIO

New York, May 10 (AP)—Comedian Phil Silvers, who a season ago took a flier at television in a weekly series that didn't quite pan out, has had a video comeback. Most critics hailed his return to the visual air as a feature of the Sunday Night Comed-hour on NBC-TV with a flow of laudatory phrases.
 In this show he served not only a MC, but as performer in some of the skits, including a couple of well-placed supporting pieces by Martin and Lewis, appearing as guests rather than principals. Viewers found Silvers all-around funny and generally entertaining.

Coming up for radio: Tonight—CBS 10:35 Address of Gov. Thomas E. Dewey of New York at annual Republican State Committee dinner in New York city.
 Friday—ABC 12 noon Johnny Olson in his Luncheon club winding up his twenty-fifth radio anniversary celebrating by becoming member of the Radio Pioneers club. NBC 3:30 p.m. Pepper Young's Family, 15-year-old daytime serial written by Elaine Carrington, presents its 4,000th script.
 The three Wierre brothers, comedy instrumentalists, have become regulars in the James Melton NBC-TV show after three guest appearances. Tonight's program at 9 eastern daylight will have Al Bernie as guest comedian in place of Jan Murray who has been fighting an attack of laryngitis and who begged off in the hope he would be recovered in time for his regular assignment in the CBS-TV Sing It Again Saturday night. Television shows going off the air for the summer are taking eight-week vacations rather than the longer absences general among radio sponsors. Among the NBC-TV items announcing drop-outs for that period are the Fireside Theater films, which will start June 26, and the Robert Montgomery Theater which has just signed a renewal to May 1952.

Indians Get Chapman For Clark, Klein

Philadelphia, May 10 (AP)—The Philadelphia Athletics today traded veteran outfielder Sam Chapman to the Cleveland Indians for outfielder Allie Clark and reserve infielder Lou (Chuck) Klein.
 General Manager Art Ebersole of the A's announced the trade here. He said it was a straight player transaction, with no cash involved.
 For the A's it was the second major trade within two weeks. On April 30 they got outfielder Gus Zernial and Dave Philley from the Chicago White Sox and catcher Ray Murray and pitcher Sam Zoldak from the Indians in exchange for pitcher Lou Brissie who went to Cleveland and outfielder Paul Lehner sent to the White Sox.

Fifty were in attendance at the covered dish and roast turkey supper held for the mothers and daughters of the Ever-Willing Sunday school class in connection with the May meeting on Tuesday evening in the social hall of the church. The invocation was given by Mrs. Harry W. Badders. A vocal trio composed of Mrs. Albert Starnes, Mrs. Dale W. Starnes and J. Edgar Yealy sang "Ireland Must Be Heaven," followed by a duet entitled "When Mother Prays," sung by Mrs. Starnes and Mrs. Starnes with Mrs. Yealy as piano accompanist. A piano solo, "The Bells of St. Mary's," was played by Miss Evelyn Harget. Group singing was enjoyed before and after the supper with Miss Harget accompanying.

Greetings of welcome were extended to the mothers by Kathy Miller and her mother, Mrs. Kenneth Miller, gave the response. Mrs. Kenneth D. James addressed the group on the subject of Mother's Day. A potted plant was awarded to Mrs. Brook Shyrock, the oldest mother present, and the youngest mother present, Mrs. Norman Johnson, was also awarded a potted plant. Those comprising the May program committee were Mrs. Charles E. Tressler, Mrs. Sterling R. Wisotzky and Mrs. Wilson Greene.

The tables for the occasion were attractively decorated with a cake surrounded with a green wreath, and strewed with lilacs and multicolored tulips. The decorating committee was composed of Mrs. Robert V. Weaver and Mrs. Fred King.

A brief business session followed with the president, Mrs. Fred Leister, in charge. Mrs. Harry Badders and Mrs. J. Edgar Yealy were appointed to make arrangements for the Sunday school program for Sunday, May 27. Pennsy Restores "Normal Service"

New Brunswick, N. J., May 10 (AP) — The Pennsylvania railroad reported "normal" service on its Philadelphia-to-New York main line early today.

The third of its four freight-car littered tracks was cleared at 3:30 a.m. (EST) — just 36-hours after 47 cars of a 143-car freight piled up here and stranded rail traffic.

A railroad spokesman said there would be slight delays on all trains because of a five-mile-per-hour speed limit in force at the scene of the derailment.

He said there would be no more detours around the wreck site or emergency bus shuttle service for commuters since regular schedules would be in effect in most cases. There was still some doubt as to when the fourth track would be open to traffic, he added.

day, April 23, will participate in the Adams county track meet to be held Saturday at Biglerville. The local school will be represented by both boys and girls.

The Boy Scouts of Littlestown Post No. 84 will conduct a paper drive on Saturday beginning at 9 a.m. The drive is being held in connection with "Clean-Up Week." The Scouts will be into basements and attics for the scrap, and they will accept rags, old iron, paper and magazines. George H. Ditlow is leader of Post No. 84.

The tables for the occasion were attractively decorated with a cake surrounded with a green wreath, and strewed with lilacs and multicolored tulips. The decorating committee was composed of Mrs. Robert V. Weaver and Mrs. Fred King.

ARMY PATROLS SEEK ESCAPEES

New Cumberland, Pa., May 10 (AP) — Army patrols today continued their search for two prisoners who escaped from the disciplinary barracks at New Cumberland Army Depot late yesterday.

Col. Benjamin B. Albert, post commandant, identified the men as Robert J. Stewart, 22, of New Ken-

sington, Pa., and Robert W. Alger, 21, of Roseland, N. J.

Col. Albert said Stewart was serving a three-year sentence for being absent without leave. He was due to be released in November. Alger was serving a two-year sentence for larceny, the officer said.

Stewart's records, the colonel added, list Mrs. Agnes Bopp of 1001 Third avenue, New Kensington, as the soldier's stepmother and nearest of kin.

Alger lists his grandmother, Mrs. Mary Alger, Roseland, as nearest of kin. Both men were parolees or trustees, Albert said. They disappeared while they were working in the bachelor officers' quarters and were missed after a routine check.

Ballet Dancers Dodge Scenery

London, May 10 (AP) — Those hurried little steps across the stage were not part of the prescribed dance for the Sadler's Wells ballet performance last night. It was just that the scenery kept falling down.

For 10 long minutes two ballet soloists at the Royal Opera house flitted back and forth across the stage as if it were just part of the performance of "Les Patineurs" — the skaters.

The audience gasped at first, then maintained stoic British silence as seven pieces of scenery suddenly be-

gan to sway, and came crashing down one by one onto the cent of the stage.

Soloists Kirina Mossford a Rosemary Lindsay just kept danc-

ing and dodging. Royal Opera house officials explained later that some one had bumped into a pivotal piece of scenery backstage.

DESPERATION IN FLIGHT OF WAR REFUGEES

By JOHN RANDOLPH
Somewhere in Korea, May 10 (AP)—The little old Korean man sat on the ground in his dirty white cottons.

His back was against a rice paddy bank. His bony legs and straw-slipped feet extended straight out before him.

He was clenching and unclenching his hands. His scraggly gray beard wiggled as he poured out his unhappy story in the guttural explosive language of his country.

But no translation was needed to catch the desperation in the old man's voice.

The words gushed out in panicky haste to persuade the Americans before they could send him south in the waiting trucks—already filled with about 40 refugees.

Nothing To Be Done
"My daughter . . . house in village . . . baby last night . . . now she sick . . . bad fever . . . she may die . . . baby die . . . I must go back . . . give medicine . . ."

The old man looked up at Lt. Boyd W. Mayo, or 2345 Peach Drive, Jacksonville, Fla., civil affairs officer for the Seventh Cavalry Regiment.

Mayo's lips twisted in sympathy. But there was nothing to be done, he told an interpreter, adding: The Chinese were back in the village. One American soldier already had been killed on patrol. The soldiers could not go back to get the sick mother. The Americans couldn't let

the old man go back alone. He was too old, too weak.

He had been behind the United Nations lines—had seen our gun positions and trenches. All this information the Chinese would sweat out of him. He couldn't possibly go back.

A Pitiful Sight
Mayo caught the interpreter's eye and nodded toward the truck. The old man shrank away, hands fluttering and voice rising in hysteria.

It was a pitiful sight, but nothing new in 10 months of Korean war.

The interpreter shouted to another Korean soldier. Between them they half-helped, half-pushed the old man to the truck.

"You get them like that every day," Mayo explained. "His daughter probably has a fever and needs sulfa or penicillin. If she's still alive tomorrow and our patrols can get back there, maybe we can save her. It's just a chance."

Waited Too Long
"These people waited too long to go," he said. The Chinese caught up with them when we pulled back. Now we've pushed forward again and they're right on the front line.

"We can't leave them here. They're right in line of fire from both sides. We simply can't let people pass from one side to the other at will. The Chinese can get too much information about us that way. Some refugees are Communist agents."

Korea's worst refugee crisis came last winter when more than 2,000,000 fled south in the bitter cold. Thousands died on the road.

Most of the refugees are out of the front areas now. But there is still no lack of tragedy.

Almost all of Korea's refugees are rice-growing peasants. Like peasants of all lands they have a blind attachment to their little fields. They follow the contending armies like seagulls follow a ship—often moving back to their farms while a fight still rages on the hill beyond.

But let the big guns growl at the sign of a new Chinese offensive and they start south again—thin columns of old men, old women and little children.

Never do you see young men or young women. The young men are either in the army or dead. The

girls are either dead or in Chinese hands.

Each new move winnows out the weak from the strong. Someone always is left behind.

Every day some bent old parent comes to the end of the road and lies down to die—uncomprehending, in Oriental fatalism.

PLAN REPEAL OF GASOLINE TAX REFUNDS

Harrisburg, May 10 (AP)—A special legislative committee agreed today to end farmers' refunds of gasoline taxes on the condition that municipalities receive more state money for local road-building.

The action was expected to spur House passage of bills to continue the five-cent-a-gallon gasoline tax for another two years, a key part of Gov. Fine's tax program.

Recommendations
The committee, including both House and Senate members, came up with these recommendations:

- (1) The biennial \$10,000,000 state grant to boroughs, cities and first class townships for road work should be increased to \$12,000,000.
- (2) A similar grant to second class townships should be boosted to the same figure.
- (3) Provide another \$3,000,000 on a matching basis to each of the two categories for new road construction.
- (4) Tighter surveillance by the state Highways Department to make certain that the state grants are spent only on roads instead of other municipal activities.

Would Repeal '49 Law
The committee said a 1949 law allowing farmers to claim a refund of half of the tax on gasoline used in farm machinery should be repealed. About \$200,000 has been refunded in the past two years.

A bill carrying out the recommendations on state allocations was introduced in the House yesterday. It was sponsored by Reps. William R. McMullen (R-Indiana), Clarence E. Moore (R-Clinton), T. Luke Too-

or township. The remaining \$4,800,000 would be paid out according to a population ratio.

The additional \$3,000,000 to be allocated on a matching basis would be done so on the basis of road mileage exclusively.

Local communities, including second class townships, would have to raise their own money to match the \$3,000,000 allocation. No other state or federal funds could be used.

The state Association of Township Supervisors was reported to be ready to support the measure, an important factor in tending to assure its passage through both House and Senate.

Little Girl's Room Needs Storage Space

A little girl's room should contain a long storage unit. Even wall-length is not too long. It can provide both closed and open space for clothes, linens, books and toys. To encourage neatness, drawers and shelves should be low enough for the youngster to reach. Some of her dolls and other prized possessions can be displayed on the counter top. In addition to books, open shelves are ideal for toys that are played with more frequently. A small desk can be built into the unit and so can a simple dollhouse. The dollhouse need not be elaborate—just a series of shelves with vertical partitions to divide it into rooms. Furnish it with miniature furniture from the 10-cent store, and a little

girl will be amused indefinitely. Since she will probably sit on the floor to play with her dollhouse, an asphalt tile floor is just right for her room. This is warm, resilient and colorful, and easy to keep clean. Both the storage unit and the floor can be done in colors to match or contrast with the rest of the room.

PROTECT SHRUBBERY
When having painting done outside it is well to have the painters use a canvas over the shrubbery or boxwood that may be defaced by paint spots. It takes but a minute to supply this protection and may save some unsightly marks.

SHERMAN'S

20 YORK STREET — GETTYSBURG

COMPARES TWO OLD SOLDIERS AS WITNESSES

By JAMES MARLOW

Washington, May 10 (AP)—General MacArthur and Secretary of Defense Marshall now have had three sessions apiece to state their case before Senate committees on how to wage the Korean war.

Aside from the question of who is right or wrong, it is possible to examine, in the censored stenographic report of their testimony, how each man handled himself under questioning by the senators. It is also possible to see how some of the senators handled themselves.

Both the old soldiers—MacArthur at 71 is a year older than Marshall—have great dignity and remarkable

memories. Both have been military men more than half a century. Both have been responsible for making tremendous decisions since both have been in top military positions for years.

MacArthur More Concise

There is no doubt, from reading the word-by-word testimony, that MacArthur speaks with far greater conciseness than Marshall.

Where MacArthur makes his sentences fairly short and to the point, Marshall has the habit of weaving phrases together, making very long sentences which require greater concentration to be understood fully. Marshall doesn't do this all the time. He can be very crisp. But he isn't crisp as often as MacArthur.

This doesn't mean MacArthur made more sense than Marshall, for MacArthur didn't always give precise answers. And a man's ability to speak concisely doesn't mean he's more logical or convincing than one who needs a lot of words to get out an answer. Probably only history

will show who was more logical and right.

Some Queries Crude

Both men handled themselves on a lot higher plane than some of the senators on both sides—Democratic and Republican—who questioned them over six days.

Some of the Republicans were so obviously pro-MacArthur and anti-Truman-policy that they asked MacArthur questions whose only purpose seemed to be to help build MacArthur up.

And some of the Republicans asked Marshall questions which sounded crude in an evident attempt to pin his ears back.

Of course, as always in a case like this, there were one or two of the self-conscious type whose long-winded pomposity made them seem to be speaking more for the record than for any solid information they could get.

Some of the Democrats sounded political, too. One of them tried to drag MacArthur into statements

Harney

Harney—A council meeting will be held Friday evening at St. Paul's Lutheran church. The Rev. C. E. Held has requested that all the men of the church come to the cemetery

whose political effect, if he made them, were obvious.

You wonder how MacArthur kept his temper. But he did. After repeatedly telling his questioner he refused to be drawn into a political discussion, he told him flatly he thought the questions were unfair.

This criticism of senators' conduct, of course, applies only to some of them since the rest acted as they should: senators looking for information.

Some of the points made here may not be familiar to most people because few have been able to read the record of the hearings word for word. The MacArthur hearing alone ran over 170,000 words.

as early as possible to help with repairs being made.

Mr. and Mrs. Charles Shriver, Gettysburg, and Mr. and Mrs. George Shriver and sons, Ronald and John, spent Sunday afternoon at the home of Mr. and Mrs. Russell Lutz, Paxtang. Others who visited there were Mr. and Mrs. John Hick and son, Dawson, and daughter, Beverly Ann, and Mrs. Kenneth Knox, Gettysburg; Mr. and Mrs. William Irwin and daughters, Janice and Jennifer; Mr. and Mrs. William Heck, Irvin Heck, Mr. and Mrs. Frank Nicholas, and Miss Ruth Wannamaker, of Harrisburg; Mr. and Mrs. William McCoy, Pitts-

burgh; Cpl. Robert Nickolas, Camp Lejeune, North Carolina, and Mrs. Warren Snively and son, Larry, of Harrisburg.

Mr. and Mrs. Harry Cline, Greenstone, visited Mr. and Mrs. Harvey Wantz, Tuesday evening.

Mr. and Mrs. Charles Shriver,

A Children's Day program will be held at St. Paul's, Harney, Sunday evening, June 3, at 7:30.

The Memorial Day service will be held in Harney on Friday evening.

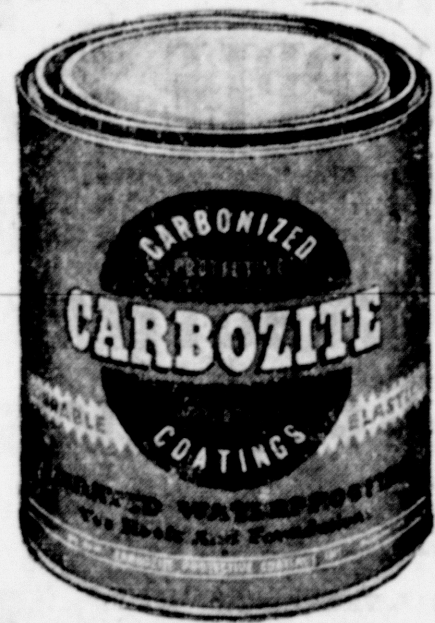

May 25, with the parade starting at 6:30 p.m. from the school house.

The band and speaker will be announced at a latter date.

All school children, Sunday school classes and patriotic organizations are asked to march in the parade.

Mrs. M. V. Filbert, Pres.

Richer in eggs! Real lemon juice!
Salads burst with flavor!

"It's my own recipe, made up in small batches so it tastes homemade!" says Mrs. Filbert. "The egg-rich, real-lemon flavor makes the simplest salad greens taste grand. You get genuine mayonnaise!"

Mrs. Filbert takes these 7 steps:

1. First, her own secret spices are carefully blended in.
2. They're creamed together with fresh-frozen whole eggs.
3. Fresh-pressed salad oil is beaten in to a creamy smoothness.

4. Then real lemon juice, and more egg yolks for extra richness.
5. Pure vinegar seals in the salad oil. (No oily look or flavor in this 7-Step Mayonnaise—ever!)

6. The whole delicious mix is extra-whipped in a big eggbeater.
7. And more real lemon juice gives the final flavor touch!

DISALLE HAS LASTED WELL AS OPS HEAD

By JAMES MARLOW
Washington, May 10 (AP) — Round Mike DiSalle is still around. Which is quite a distinction.

This chubby former mayor of Toledo is the only one of the original defense agency heads who still has his job. How long he'll last, of course, is another matter since his job is the kind that's custom-built to make enemies.

He's boss of OPS, the Office of Price Stabilization, which right now is trying to apply price controls that will work.

But he's a pretty calm character who doesn't back up easily. He doesn't seem to have any illusions about himself. He certainly has none about his job.

Won't Shed Tears
And if the time comes when he has to step out — if that time comes he'll probably step out himself because he's fed up — he isn't likely to shed tears of pain.

If you have any doubts that his particular job doesn't make for longevity in Washington's official life, just remember all the changes in the World War II agencies, especially in OPA.

That agency, always embattled, had four bosses, starting with Leon Henderson who had the thankless job of getting OPA started, with price control and rationing and all that they involved. His successors were Prentiss Brown, Chester Bowles, and Paul Porter.

When the defense program started last fall, the first agencies set up by President Truman were these four and in this order: National Production Authority (NPA), Economic Stabilization Agency (ESA), Wage Stabilization Board (WSB), and Office of Price Stabilization (OPS).

Many Have Quit
And this is what happened to the first men appointed to run them: NPA — Sgt. 10. William H. Harrison, president of the International Telephone and Telegraph company. NPA had the job of controlling materials needed in the defense program.

Later a kind of super-production agency was set up, called the Defense Production Administration. Harrison was boosted into the job of running that. He quit May 1, giving ill health as his reason. His successor: Edwin Gibson, executive vice president of the General Foods corporation.

ESA — Alan Valentine, president of the University of Rochester, was given the job of running ESA on Oct. 17. He quit on Jan. 19 in a dispute over when wage and price controls should start.

His successor — Eric Johnston, former movie czar — still bosses ESA. He took control on Jan. 26, seven days after Valentine left. Like Valentine he's top boss over wages and prices.

WSB Faded Away
WSB — Cyrus Ching was made chairman of this wage board, to control wages. Ching, one-time business man who had been working for the government for some years temporarily left his job as chairman of the government mediation service to head WSB on Nov. 28.

He got along all right until mid-February when the labor members of the board blew up over a decision by the rest of the board to limit wage increases to no more than 10 per cent over what they were in January, 1950.

The board collapsed. But Ching didn't really quit. Ching and his 12-man board didn't really die. It just faded away.

Wilson Still There
Now the President has set up a new and larger board and named as chairman of it George W. Taylor, professor at the University of Pennsylvania. Ching is back at his old job as head of the mediation service.

OPS — DiSalle was named head of this on Nov. 30, two days after Ching was appointed to the wage board, and is still going with no signs of collapse or departure.

Right here someone may say: "But what about Charles Wilson who was made head of the whole defense program? He still has his job."

True. He was appointed late in December, and shows no signs of weakening. But the agencies which preceded his were the original ones. His was created later to be boss over all of them.

Blacksmiths are so called because they work in iron and other dark metals.

AN OLD HABIT — Willie Mosconi (left) and Willie Hoppe pose with trophies after winning world pocket billiards and three-cushion billiards titles, respectively at Navy Pier, Chicago.

Evidence has been found that sheep were domesticated in the stone ages.

New Oxford

New Oxford—Mrs. Goldie M. Bower, local postmistress, and her son, Edgar A. Bower, who left several weeks ago to spend several months in California with Mrs. Bower's daughters, reports that the elder son-in-law and daughter, Mr. and Mrs. Vernon Rutherford, have become the parents of another daughter whom they have named Nancy Ellen. Mrs. Rutherford was formerly Miss G. Arlene Bower.

Parishioners of the local Catholic church have been participating in the annual Novena to the Holy Ghost this week in preparation for the Feast of Pentecost.

Mr. and Mrs. Harvey J. Smith and sons are now residing in the converted building west of town formerly used as Kohler's schoolhouse. The Smiths, formerly of Lincolnway West, bought the property some time ago.

Two missionary groups of local churches met during the week, one of the First Lutheran church, at the home of Mrs. Harry Emlet. The lesson study was in charge of Mrs. George E. Sheffer. The other missionary meeting was that of the Pines Lutheran church, New Chester, at the home of the pastor and wife, the Rev. and Mrs. Samuel M. Clarke, nearby.

Lt. Herman T. Smith, who entered the service shortly after his graduation from Delone Catholic high school, McSherrystown, is now studying in the mastery of several foreign languages. The young man was a recent visitor at the home of his parents, Mr. and Mrs. Joseph P. Smith.

Councilmen of the First Lutheran church conducted their monthly meeting May 4 at the church building.

Miss Elizabeth Smith, daughter of Mr. and Mrs. Joseph P. Smith, who entered nurses' training last fall at St. Joseph's hospital, Lancaster, is recovering there after a recent operation performed when she was stricken with an attack of appendicitis. Miss Smith is a graduate of the Delone high school in 1950.

Ralph Kopman, Jr., Hanover, formerly of this section, is now operating a florist business in Hanover, having purchased the former Sterner greenhouse.

Crews Fighting Two Forest Fires

Pottsville, Pa., May 10 (AP) — Two fires—the worst in 10 years in this area—burned today through thickly wooded areas of Schuylkill and Dauphin counties.

The Schuylkill county fire was atop 1,300-foot Broad Mountain and covered an area of about four-square miles. The Dauphin county blaze is on Berry Mountain, south of Lykens and Williamstown.

Both fires started Tuesday. The one in Schuylkill county brought out a crew of 50 men headed by Herbert Spangler, head of the Weiser Forest

Cub Leaders Meet

A meeting of the Littlestown Cub Scout leaders was held on Tuesday evening at the home of Mrs. E. Paul Bigelow, East King street. The pack committee decided to present Littlestown pack numbers and shoulder patches to each cub prior to the Memorial Day parade. The scouts will participate in the local parade to be held Sunday afternoon, May 27, at 2:30 o'clock. Any cubs wishing to obtain second uniforms may secure them from Mrs. George W. Strevig, Lumber street, anytime before the parade. Scouts who have uniforms to turn in to Mrs. Strevig are requested to do so as soon as possible.

Plans were discussed for the overnight camping trips to be held by the cubs during the summer. A financial report was presented by Beaven Hanlon, a member of the pack committee. The group decided to hold the next pack meeting outdoors with the theme of the meeting being a circus. The meeting will be held Thursday, June 14. Those in

RED MOVE TO

BLOCKED BY U. S.

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Washington has wasted no time in rejecting Russia's proposal that the drafting of a Japanese peace treaty — already well on its way to completion — be turned over to four Pacific powers, including Red China. Such an idea would come only

of St. Mary's Evangelical and Reformed church, Silver Run, will hold its regular monthly meeting at the home of Mrs. James W. Dutterer, Lumber street, Friday evening.

The annual mother and daughter dinner of St. Mary's Lutheran church, Silver Run, will be held Friday evening at 7 o'clock in the parish house. Entertainment will be provided under the direction of the Pathfinders' Sunday school class. The following committee will be in charge of the affair: Program, Mrs. Elwood Wantz, chairman, Mrs. Leo Kuhn, Mrs. Glenn Matthias and Mrs. Lois Myers; table decorations, Mrs. Clayton Leister, chairman, Mrs. Harvey Utz, Sr., and Mrs. Mahlon Peck, and gifts, Mrs. Stanley D. Bowersox, chairman, and Mrs. Paul M. Bowman.

from the capital of Bolshevism. The maneuver is, of course, an undisciplined effort to seize control of the treaty negotiations with the idea of establishing Bolshevik domination over Nippon.

Success along that line would make Moscow pretty well ruler of the Far East.

The Soviet proposal is that the treaty making be turned over to America, Britain, Russia and Red China. That would eliminate Nationalist China, which was our ally during the world war, and would substitute the Red Chinese government which America hasn't recognized.

This arrangement would give the Communists two votes out of four, with which to hamstring proceedings according to their well worn custom. It would mean disruption of the fine progress already made towards a treaty which is expected to be ready for signing in the near future.

The Russians charge that the

U.S. draft treaty represents an attempt to impose an American peace on Japan to the exclusion of Russia, China and other countries. John Foster Dulles, President Truman's special representative, has made it clear that he has tried to bring Russians in. Some time ago it was announced that he had consulted with Jacob Malik, Soviet delegate to the United Nations. But Malik, strangely enough, denied it.

Anyway, while Moscow has kept insisting that the treaty should be worked out by the Big Four, like the European pact, America has taken the position that the Philippines, and all the other Asiatic countries in the war against Japan, should be consulted.

Sterling, meaning solid silver of a definite fineness, is contraction of the word, *Easterling*, a term applied to merchants of the Hanseatic towns in the 12th century.

an honest answer

MEDICAL ETHICS are not something unique and set apart, but simply a direct application of the Golden Rule. They provide an honest answer to the question, "What is best for the patient?" As one physician put it, "I do for my patients what I would do for a member of my own family."

As pharmacists, we adhere to the same code. The quality of our medicines and service is the best it is possible to give. You, the patient, are our first concern.

All over town, people are saying it's only Westinghouse FROST-FREE that COUNTS! It counts door openings, because they let in warm air which forms frost. READY TO KILL LEGISLATION LIFTING TOLLS

By JOHN DEITRICK

Harrisburg, May 10 (AP)—The General Assembly was reported ready today to kill legislation freeing Pennsylvania's 10 state-owned toll bridges next year.

A prominent Republican lawmaker, who declined use of his name, said the administration has decided it cannot spare the \$8,000,000 it would take to free the bridges in 1952.

The privately-owned spans were taken over by the state in 1949 after the legislature authorized a \$10,000 bond issue for their purchase. Only \$8,000,000 in bonds was needed.

The 1949 legislature also started action on a constitutional amendment to allow use of the motor fund revenues to pay off the bridges outright instead of continuing tolls for an estimated 6 to 8 years.

Similar action was started in the legislature this session to complete approval of the amendment. Endorsement by two separate legislatures are necessary for a constitu-

tional amendment.

However, after clearing the Senate in quick time, the resolution for the amendment suddenly bogged down in the House Appropriations committee.

The proposed amendment was retained in the committee to insure its death, the source explained, after the administration decided that it would be more economical to allow the bridges to finance their own costs.

The bridges include two each in Harrisburg and Bethlehem and one each in Clarks Ferry, Sunbury, Allentown, Point Marion, Ellwood City-Koppel and Charleroi-Monesen.

A House bill, which would authorize removal of the funds from the motor fund to pay after the cost of the bridges after the amendment to the constitution was approved, has been resting in the House Highways committee since February 27.

Rep. Baker Royer (R-Lancaster), committee chairman, turned aside questions on the report that plan to free the toll bridges next year has been jettisoned.

Instead, he commented: "The bill is still under study."

The constitutional amendment to use motor funds to pay off the cost of the bridges was made necessary by a State Supreme court ruling severals years ago.

PRESIDENT OF PANAMA BOWS TO POLICE RULE

Panama, Panama, May 10 (AP)—President Arnulfo Arias bowed to police and public pressure today and ordered restoration of the 1946 constitution which he scrapped last Monday. By this action, which won over police support, he hoped to stay in office.

Arias' decision came after a day and night of rioting in which at least three persons were killed and 110 wounded or injured as angry crowds surged through the capital's streets, clamoring for the president's ouster.

Arias' hold on the presidency was disputed by Vice President Alcibiades Arosemena, who was sworn in as president before the National Assembly just before midnight.

The Assembly, which Arias had dissolved Monday, met in a newspaper office, set itself up as a high court, and impeached the president. Then it summoned the vice president.

Arias got powerful backing today from Col. Jose Antonio Remon, Panama's strong man and the head of the National police—the country's only army.

Declaring "what the people wanted has been achieved," by Arias' return of the 1946 charter, Remon announced his support of the president. Such support could be decisive.

Arias' decree nullifying his earlier action in replacing the 1946 constitution by the 1941 charter was issued after he and Remon had negotiated through emissaries for hours last night.

Police headquarters today hailed the decree as a "loyal and patriotic decision" and appealed to the people to lay aside their bitterness and support Arias as president.

City Is Quiet
Arosemena indicated when he appeared before the Assembly to take the oath that he knew "he would not support him, but said he would accept the Assembly's offer."

After he was sworn in, the opposition radio called on the people to escort him to the presidential palace where Arias was secluded surrounded by Remon's police. The march,
